Save Now on CGM!

Use this coupon to save \$2 a bag on **Corn Gluten Meal**. As many bags as you need. *Coupon good through February 28, 2018. May not be combined with other special offers.*

NEW Pulverize Organic Weed Killers!

Here's a new weapon in the war on weeds — actually 3 new weapons (a bit confusingly all called Pulverize).

Pulverize Green is a selective broadleaf weed killer, so you can use it in your lawn without hurting your grass. Works great on dandelions. They shrivel up & die within about 24 hours of application.

Pulverize Blue is a full-spectrum green plant killer. Works a lot like vinegar. Unlike vinegar it works in the shade. Kills the weed in about 20 minutes.

Pulverize Orange is an extra-strength weed killer for tough and noxious weeds. *It even kills poison oak and poison ivy!* Be careful when spraying it on weeds in your lawn since it isn't selective. Kills roots and all in hours. Apply all 3 of these weed killers full strength to wet the weed. Available in quart spray bottles for \$9.99 and in 1.33 gallon jugs for \$29.99 (sprayer attached).

Tomato Plants Now Available!

Nothing beats homegrown produce for taste and freshness. Plant your favorite varieties now and enjoy healthy, garden-fresh veggies all season long.

Strawberries, onions, potatoes, asparagus and other veggies also available.

Ready Your Garden for Spring Planting

Composts add organic matter, **Lava Sand** breaks up clay soils and improves their ability to hold water. **Greensand**, from deposits of ancient marine life, adds iron and essential minerals to your soil. Improves plant health and the nutritional value of your produce.

Spring Plants Arriving!

Cannas, Dianthus, Ajuga. Annuals like Geraniums, Marigolds, Lobelia, Gazania. Even vines to twine around your trellises — Lovely Lady Passion Vine, Carolina Jessamine, Star Jasmine, Madison Star Jasmine. Start sprucing up your yard for spring!

Kill Existing Weeds Organically Too!

Now's time to get rid of dandelions, henbit and other weeds in your lawn. Hit them with a shot of **20% Horticultural Vinegar**. Since most turf grasses are dormant, you won't hurt your grass. There's no residual effect with vinegar, so you can kill weeds in your beds one day and plant the next. Pick a sunny day and get rid of them now. Add a little Orange Oil for extra effectiveness. Watch the weeds wither in hours. 1 gallon jug reg. \$15.99, **SALE \$13.99**

We have 30% vinegar again too, for those who truly hate weeds! 1 gallon reg \$29.99, **SALE \$26.99.**

Get Your Fruit Trees Now

It's the perfect time to plant. Choose from a great selection of Peach, Pear, Apple, Plum & Pecan. Many varieties, all hardy in the North Texas climate.

Raspberry, Blackberry & Blueberry bushes also available

Your Lawn Will Be Waking Up Soon!

Microbes in your soil need time to make food for the plants so you need to get your soil ready for spring.

Use **Good Natured 4-1-2** as an early season organic turf fertilizer. Poultry manure-based. 40 lb bag **\$21.99**

Dry molasses stimulates beneficial microorganisms in your soil, making organic matter available to your plants. If you do nothing else to improve your soil, put down some dry molasses.

Molasses may be applied with fertilizers or by itself. 50 lb bag **\$21.99**.
